

TED upgrades evidence-supported events while blocking unsupported causal escalation

A. Frozen validation registry

Registry frozen before expression-level interpretation

B. Evidence-supported upgrades

C. Blocked or pending escalations

D. Boundary summary

case	TED boundary	explicitly unsupported
GSE153056	outcome_supported_ev	universal PD-L1 causal regulator proof
GSE93735	reversal_supported_eve	validation of GSE271399 biology
SCP1064	outcome_supported_ev	level4_causal_rescue
GSE271399	cross_dataset_supporte	same-system full-length GATA1 rescue
GSE90546/GSE90063/GSE133344	not_evaluable / pending	methodology support claim
